PRODUCT CODE	AHD W3 (in White with UK plug)
PRODUCT CODE	AHD W2 (in White with European plug)

Cleaning information

Your Northmace Hotel Safety Hairdryer should only be cleaned with a soft cloth, slightly moistened with water (moist but NOT wet). Do not use any cleaning products as even in diluted form they may damage the finish. Avoid the areas around the nozzle, air inlet, switches and the electrical connections. It is important that you remember to completely isolate your hairdryer, and if applicable holder, from the electricity supply before attempting to clean it. Then polish dry with a dry soft cloth.

Title to the goods does not pass until all monies due to Northmace & Hendon Limited have been paid. Crockery, ingredients, batteries etc. not supplied. Please note that the buyer acknowledges and accepts that it shall have sole responsibility for the disposal, recovery and reuse of any goods or products comprising electrical and electronic products including without limitation any goods provided and any goods to which the Waste Electrical and Electronic Equipment Directive (or any legislation implementing such Directive) relates and the buyer shall be solely responsible for any costs incurred as a result of this.
